

To our friends at Lotus Travel:

I am happy to tell you that the heating system has been installed at Fuyang SWI and the babies are warm! This little one looks like she is enjoying a little more freedom to move since she doesn't have to be so bundled up!

The heating system is kept in a separate, locked room.

The unit is up and running and warming the children.

'Through the kindness of strangers, our hearts are warmed.'
—Anonymous

The cribs arrived and are very comfy!

This is the pump that pumps the water to be heated.

This system is able to heat 12 baby rooms just like this one!

THANK YOU FOR YOUR KINDNESS
AND GENEROSITY FROM
LOVE WITHOUT BOUNDARIES
AND THE
CHILDREN OF FUYANG.
